Video Analysis Available at Bartram Trail Golf Club

Dear Bartram Trail Golf Club Members and Guests,

A great way to improve your game is to come out to Bartram Trail Golf Club and get a video analysis of your swing. What you think you might be doing with your swing might not be what is actually occurring. I can compare your swing to any professional golfer that you would like.

It's a great tool, and it can help you become a better golfer and to better understand your swing as well.

Please give me a call if you have an interest in becoming a better player. We can work together to improve your game.

**Good Golfing,
Robby**

“Mr. Bob” Bearden Retires as “Starter”

By: John Carney

Our Favorite “Starter” Bob Bearden is turning “80” and is retiring from Bartram Trail – so he pursue his golf game from the **GREEN TEES** – Watch Out for Bob Now!

Bob is married to his wife Faye and they have two sons and 3 grandchildren. He is an active member of Pineview Baptist Church, where he teaches Sunday School each week. Bob retired after 42 years of owning his own Independent Life and Health Insurance Agency, representing over 17 companies.

Bob started with Bartram Trail in July of 2005 and helped Robby get the course on tract to open for play. Bob has enjoyed the members and players the most at Bartram Trail.

Bob is active in our Bartram Trail Senior Men’s Golf Association. His favorite hole at Bartram Trail is # 7 where he had a Hole In One and lease favorite hole is # 1. Bob plays with Taylor Made Driver and Woods, Cobra Irons and a Ping Answer 4 putter and uses Noodle golf balls.

Bob’s lowest round for 9 holes is 33 and even par 72 for 18 holes at the Bartram Trail. We wish Bob happiness in his second retirement – I am sure we will continue to see Bob playing golf regularly at Bartram Trail in his second retirement.

Superintendent's Corner... From Jeff Lloyd

Jeff Lloyd

"...We'll be aerifying once again in late August, read my column more here as to why..."

What's Happening on the course in August / September...

We will aerify again during the last full week in August. We'll be punching small holes this time which will speed up the recovery time of the greens. We need to aerify during the growing season which is much more effective than when the greens are dormant. When we aerify, we are looking to remove organic matter and thatch build up on the greens. We're trying to penetrate the surface and keep water flowing through the profile of the greens. It will also help soften the greens to accept more shots. The USGA recommends removing 20% of the surface of the greens annually. In early July we punched large holes and the greens recovered very quickly, so using smaller holes this time around should quicken the recovery time. In early July we removed approximately 6-8% so we need to go ahead and get 5% more this time. Again, we'll use smaller holes this time, which should speed up recovery time.

In September we'll be spraying our tees complexes with a pre-emergent for poa control. Depending on the weather we'll be working on "mulched up" areas and seed them to make them look more natural.

Just so you know, we set a record LOW of rainfall in July (.18th of an inch)...a record low in seven years at Bartram Trail. That's why the ponds are so low...but we've been able to keep the course in pretty good playing conditions under the circumstances. I'm very proud of our crew that has worked their tails off to keep the course in the shape that it is. I hope everyone understands the effort being made on behalf of the membership and public as well.

Homeowner Tips for August / September...

If you have Bermuda grass, in September be sure to put out a fertilizer with a high "3rd number on the bag" which is the number for Potassium. That will help winterize and strengthen the grass.

In early October spread a pre-emergent for winter weeds.

Here in August and all the way through October, look for Army worms during hurricane season...if your irrigation is running but your grass looks like straw, look at the area and if you see Army Worms, put out "SEVIN" to take care of the problem. (August thru October).

*Have a great time golfing at Bartram Trail,
Jeff*
